From the Director

Talas State University Press was founded by the Academic Council in 1994 on the basis of the university print shop, which had printed the *Bulletin* since 1961. In thirty-two years we have published about one hundred and forty books, most of them the only scholarly work on their subject. We publish eight to twelve new titles a year, in English for readers abroad, in Iradi in the standard Latin orthography, and in Russian.

This catalogue lists every title still held by the Press shop or by the main library, with its price for 2026–2027. Prices have not changed since the last list for books printed before 2024; newer titles are priced at the cost of printing. Titles marked *out of print* can be read in the National Library of Irad and are sometimes found second-hand.

We thank the readers, libraries and booksellers who write to us, and the authors, reviewers and printers who keep the list alive. Our printing works in the basement of the main building still run the Planeta offset press installed in 1987.

Dr Kalys Moldokmatov, Director

How to buy our books

At the Press shop: main building, room 7, 12 University Street, Talas. Monday to Friday, 10:00–16:00. Payment in som, cash only.

By e-mail: send the order form on the last page, or a list of titles and quantities, to publishing@talasuniversity.org. We reply with the total; orders are kept at the shop for collection for fourteen days.

Libraries and readers abroad: we are not able to send books outside Irad. Libraries abroad receive our titles through the international exchange of the National Library of Irad.

Students and staff of the University receive 20% off on presentation of a student card or staff pass.

Legal deposit: every title carries a legal deposit number of the State Archives of Irad (LD), given in this catalogue. Irad has no ISBN agency; please quote the LD number and the title when ordering.
